About the font

LL Circular is a geometric Sans Serif font family with currently 8 cuts.

It is Laurenz Brunner's second official release after the critically acclaimed and exceptionally successful LL Akkurat (2004).

LL Circular is a new take on a classic genre, first explored by Paul Renner's Futura (1927–28). The purely geometric approach gave way to more complex formal conception, resulting in a geometric Sans Serif marrying purity with warmth. Striking a balance between functionality, conceptual rigour, skilled workmanship and measured idiosyncrasy, LL Circular is a friendly sans serif text font with unmistakeable character yet universal appeal.

The typeface is available in Book, Italic, Medium, Medium Italic, Bold, Bold Italic, Black and Black Italic weights. Further lighter weights and a monospace cut are currently in development.
